

ES & SCALE OF ANALYSIS

The graph illustrates the number of institutes analyzing a specific ES at a specific spatial scale (the TEEB classification for ES was adopted).

The dark-grey circles represent the spatial scales. Every ES is represented by a sector. The dots represent the number of institution working on that specific ES at that specific scale.

LEGEND:

- 1 institute
- > 1 institute ≤ 5
- > 5 institutes ≤ 10
- > 10 institutes

ES STUDIES OVERVIEW

RESEARCH GROUPS

The institutes listed below voluntarily adhered to the survey by providing the data that are here summarized.

Name of the Institution // Institution type // contact
1 - University of Trento - PLANES // Secondary or Higher education establishment // davide.gneletti@unitn.it
2 - University of Sassari // Secondary or Higher education establishment // msschirru@uniss.it
3 - Università Cattolica del Sacro Cuore // Secondary or Higher education establishment // giacomo.gerosa@unicatt.it
4 - University of Urbino // Secondary or Higher education establishment // riccardo.santolini@uniurb.it
5 - Università degli Studi dell'Insubria // Secondary or Higher education establishment // prea@uninsubria.it
6 - University of Firenze // Secondary or Higher education establishment // filippo.bussotti@unifi.it
7 - Parthenope University of Naples // Secondary or Higher education establishment // natasha.nikodinoska@uniparthenope.it
8 - University of Padova - Territories of ecological and cultural diversities // Secondary or Higher education establishment // maximo.demarchi@gmail.com; massimo.de-marchi@unipd.it; massimo.demarchi@dicea.unipd.it
9 - University of Pisa // Secondary or Higher education establishment // giacomo.lorenzini@unipi.it; glorenz@agr.unipi.it
10 - CETA // Research organization // francesca.visintin@ceta.ts.it
11 - University of Padova // Secondary or Higher education establishment // tiziano.tempesta@unipd.it
12 - University of Molise - CURSA // Secondary or Higher education establishment // dmarino@unimol.it
13 - LANDS Onlus // Non-profit // pgaglioppa@landsnetwork.eu
14 - CNR Institute for agroenvironmental and forest biology // Research organization // giuseppe.zanin@unipd.it
15 - EURAC research, Institute for Alpine Environment // Research organization // uta.schirpke@eurac.edu
16 - University of Molise - EnviX lab // Secondary or Higher education establishment // carranza@unimol.it; mita.drius@gmail.com; stanisci@unimol.it
17 - La Sapienza University of Rome // Secondary or Higher education establishment // fausto.manes@uniroma1.it
18 - School of Advanced Studies St. Anna // research organization // n.gusmerotti@sssup.it
19 - University of Parma // Secondary or Higher education establishment // pierluigi.viaroli@unipr.it
20 - University luav of Venice // Secondary or Higher education establishment // elena.gissi@luav.it
21 - University of Catania // Secondary or Higher education establishment // dlarosa@dar.unict.it

ES & TYPE OF ANALYSIS

The graph illustrates the number of institutes applying a specific type of analysis to a specific ES (the TEEB classification for ES was adopted).
